Fri, Sep 14, 2018 at 1:53 PM

Dear Jean-Christophe,

I have contact from Dr. Michael Leiden from University of Leiden,

He will arrange a Skype meeting about possibilities of Erick study at Univ of Leiden under joint supervision between Prof. Fons Verbeek and you.

If you are still on campus may be we can discuss it.

See you
SH.THE UNIVERSITY OF PADJADJARAN

Dear Liselotte,

Can you please send around the dates and collect the feedback on the dates we selected today for a skype meeting on the project supervision of Erick Paulus with Prof. Fons Verbeek.

I included Erick Paulus (UNPAD, Bandung, Id - LDPD), and Prof. Setiawan Hadi (UNPAD, Bandung, Id), and Prof. Jean Christophe Burie (La Rochelle, Fr). The UNPAD team is in La Rochelle until end of November.

It is important that Setiawan and Erick can join the meeting as well as Fons.
I would like to participate, if time admits.

Best Regards,

Michael

Dear All, Dear Erick,

We have had a constructive conversation on the possibilities for Erick Paulus to come to Leiden for his PhD.

The PhD research will be hosted in Leiden but will be a collaboration with JC Burie and Setia Wanhadia.

We defined the next step to be that Erick and Fons (yours truly) are having a conversation over Skype.

In this Skype call we will get clear what is expected for the LPDP applications.

We will then set out a path to prepare for the application.

Once we have had the conversation we will report back to all of you for the procedures and arrangements for the grant application.

It was very nice talking to you all and I look forward to talk with Erick and the further collaboration.

best regards, Fons Verbeek

Dear Prof. Fons J. Verbeek and Liselotte,

Thanks for last discussion on 30 Oct and the opportunity to take Doctoral Degree in Leiden University supervised by Prof. Fon J. Verbeek. Regarding to our discussion about Letter of Acceptance (LoA) unconditional as one of requirement to get scholarship from LPDP Program. Therefore, I attached my CV.

Please inform me, if there are any other documents that I need to fulfill.

Best regard

Date: Thu, Mar 14, 2019 at 5:37 AM
Subject: Acceptance letter
To: Erick Paulus <erick.paulus@unpad.ac.id>

Dear Eric Paulus,

I hope you are doing fine.

Further to our earlier discussion last year october i herewith send you the acceptance letter as i think it should look.

We need to add some specific data on the grant-organisation (PDP?)
Next we need to agree on the availability of Dr Burie./

from my notes I recall that you should now start to prepare your documents. the letter of acceptance attached is a template - we can add information to it as you like.

The moment we agree on the text i will print it on official university paper, stamp it and sign it.

I have also started your admission to the graduate school. This will require some official documents, but these can be shown to the official if you start your work in Leiden. I see no problems in your admission whatsoever.

Let us make arrangements for a next Skype call so that we can start preparing everything timely.

With best regards, Fons Verbeek

Date: 28-02-2019

Subject: Acceptance letter – Leiden University Graduate School Science

Dear Eric Paulus,

I am pleased to inform you that I am willing to act as a promotor for your intended PhD programme at Leiden University in the field of Computer Science, for which you are admitted to the Leiden University Graduate School of Science, for enrolment from 1-9-2019 to 1-10-2023. The research project will be done in the section Imaging and Bioinformatics of the Leiden Institute of Advanced Computer Science. The research topic is on *Image Analysis, Recognition and Understanding from Sundanese Old Manuscripts*, and it will be supervised by Prof. Dr. Ir. Fons J. Verbeek. Your project will be in collaboration with Dr. JC Burie from France and the Manuscript Library of Leiden University.

You will not be charged any tuition / research fees. This letter also serves as a confirmation that you have met all formal language requirements that apply. At present you are employed by Universitas Padjadjaran (UNPAD), Indonesia at the Computer Science Department. You have a completed master program in Computer Science that will give you access to our Graduate School.

Please note the following points:

- My availability as promotor and your admission to the Graduate School are conditional upon your obtainment of funding as a PhD student through a PDP Scholarship from Indonesia.
- The first year will be a probation year. If you successfully complete the first year, you may continue toward a PhD degree .
- If you take more than four years to fulfil the requirements for the degree, neither the Scholarship nor Leiden University will cover the additional cost.

I hope your application for the Scholarship will be successful, and look forward to welcoming you to Leiden.

Sincerely,

Prof Dr Ir Fons J. Verbeek
